Attractive satin finish anodised aluminium posts have replaced curved end panels, so a single-sided 3x3 system only requires 3 graphics rather than 5. This makes the Vario quicker to assemble and also saves you money when you come to re-print your graphics. And, best of all, you can add a selection of accessories to the structure to individualise your stand, including product shelves, literature holders, lighting and even flat screen monitors.

The 1x3 and 2x3 are supplied with one PS1000 light.
The 3x3 and 4x3 are supplied with a pair of PS1000 lights.

FORMULATE FABRIC DISPLAYS

Formulate Fabric Displays are a practical, lightweight solution for creating large backdrops at exhibitions. The single one piece graphic looks stunning with no visible joins. Easy to assemble and transport, Formulate Displays are an alternative to conventional pop-up stands.

Formulate Displays are a new addition to the GGS portable display equipment range. Quick and easy to assemble the Formulate Displays are manufactured from strong 30mm aluminium tubing. Labelled with numbers, you simply match number to number with a 'push-lock' fitting. The full colour printed stretch fabric graphic then pulls over the framework and zips closed at the bottom. The system packs away into a supplied fabric carry bag and the graphics are machine washable. A wide range of sizes and shapes are available.

FORMULATE FLAGS

Formulate Flags create a simple yet stunning outdoor display. Ideal for event signage, they can be sited on many different terrains with one of our many base options.

Built with the same popular Formulate aluminium tubing design, the Formulate flag simply connects one numbered 25mm aluminium tube to another for fast assembly. The fabric graphic is then threaded directly onto the pole and secured with a toggle. Available in 3 different designs and a range of heights the Formulate flags are popular for outdoor events. A variety of base options are also available for using the flags in different locations.
